Objectives of the Event:

- To create the awareness among the students towards the importance of planting and saving trees
- To spread the message of environmental sustainability.
- To inculcate the environmental and social responsibility values among the students.

Event Description:

To rise above all and odds, one has to have very strong underlying basis & principles. To raise a solid structure, it has to have a very strong foundation. It all started 31 years back, when a foundation stone was laid to build a school to impart education to the deprived girls in the vicinity and now it has flourished into an educational campus imparting quality education to thousands of students in different streams. MBADIMR celebrated 31st Foundation Day of SKP Campus on 20th June 2019 in presence of the Founder Chairman Shri. Ganpatrao Balwadkar by planting native trees in the campus. Like the educational institutions enriching our student's lives, these plants will surely grow rapidly & send out runners above the substratum bearing fruits to nurture many birds around.

Tree plantation is not just something that should be done once. Instead, it is a necessity, the urgent need of the hour. Planting trees is significant to protect our environment against air pollution and global warming. To this end, Budding managers of DIMR were actively involved in organizing tree plantation campaign.

Learning Outcome:

- Students were encouraged for proper maintenance and preservation of trees.
- Students were made aware to uplift the quality of the living environment through active planting and afforestation.
- Students were encouraged to save and plant more trees which will be inspiration for the coming generations.

In today's world when families are becoming nuclear and most of us tend to be confined to our small social set-up, there are still many out there, living in solitude, in spite of being surrounded by people. But 'How can the stars shine without darkness?' Like a blessing in disguise there are some generous people around, who believes in the virtue of almsgiving, and 'Apala Ghar Orphanage & Old Age Home' is one of them, who are not only working hard to nurture the kids but also helping them out in building skills & capabilities so as to make them independent, responsible & employable. We at DIMR are always veracious to the values we speak. As a part of our annual campaign 'Joy of Giving' we tried to extend some support to this noble cause in the form of Story books, Encyclopedia, games & toys. The hope & stars in their eyes only invigorated us to do more.

The feeling of being in their small world, spending time with them, and seeing them happy and joyful was really overwhelming. DIMR students expressed their gratitude to the caretakers for taking care of these beautiful souls and for giving us this opportunity to spend some time with them.

Learning Outcome:

- The students were sensitized towards the life and the needs of orphanage kids.
- Students learnt important Lesson about "small contributions helps a lot" by engaging them in donation collection activities and utilizing in some socially benefit activities.

Objectives of the Event:

- To increase the awareness on blood donation by providing scientific knowledge as well as removing myths and wrong concepts about it.
- To instil the feeling of helping others to breathe life with their precious donation

Event Description:

It's an irony that when you need it for you & your dear ones, it's a commodity; but when you are asked to give it to others, it's not! Every two seconds someone somewhere needs it and many lives are lost every year due to its non-availability. But it cannot be manufactured in any factory. It has to be donated voluntarily by the compassionate people. If donated by a person it can save three lives.

We at DIMR always being munificent and mainspring towards such social cause, know the value of 'Blood'. DIMR organised a 'Blood Donation Camp' for Pimpri Serological Institute Blood Bank to mark Dr. Babasaheb Ambedkar Birth Anniversary. Students, staff and many other volunteered in this noble cause

With the thought "Every blood donor is a life saver", the staff and students were motivated to donate blood. There's no end to the benefits of donating blood for those who need it as well as there are health benefits for donors, too. One donation can save as many as three lives.

Faculty members guided the students about the importance of blood donation and motivated them to take part in this camp. The staff and students of DIMR donated blood in the 'Blood Donation Camp'. The students and staff voluntarily participated in the blood donation drive.

Learning Outcome:

- Instilled the sense of responsibility towards the society among the students
- The students understood importance and benefits of blood donation.

Objectives of the Event:

- To provide the shelter to the birds
- To spread awareness to conserve little bird species
- To create Habitat for birds which are dwindling

Event Description:

We all at DIMR take pride and immense pleasure in sharing that our little contribution towards the conservation of sparrows has well paid off.

When the sparrow population is dwindling at an alarming rate with more than 50% reduction in their population in some of the Indian states; we need to step up with some concrete actions.

What a waste of knowledge and information it would be if we fail to understand our own role to preserve our ecosystem for our own survival and act accordingly!!!

What management are we going to teach to our children, students and future generations if we fail to inculcate the value & importance of the management of the available resources those are meant to be for all living beings but are getting exhausted and depleting rapidly in the wake of our never ending needs?

DIMR celebrated the World Sparrow Day in innovative way by building nesting boxes for the birds.

Learning Outcome:

- Students were encouraged for conserving the birds which leads to conserve the environment.
- Students were encouraged to creation of habitat for extinct bird species.

Objectives of the Event:

- To provide companionship, emotional support, therapeutic occupation, and recreational facilities, and activities to orphan children.
- To sensitize students to the difficulties and problems of these children and to become aware of the joy of serving and being with these children

Event Description:

The fervor of Christmas is incomplete without the joy of giving, sharing and caring for the unprivileged. The staff & students of DIMR proved it otherwise & thought that this celebration should not be a sole privilege of the fortunate ones. We celebrated this Christmas with the kids of 'Saraswati Anath Shikshan Ashram' and the smile on their faces was priceless.

Our students decorated the place and played the different games with them. The Christmas gifts were shared with them along with Santa clause cap, worked wonders for those unadulterated souls, leaving their faces glow with happiness and the eyes sparkle with innocence.

The feeling of being in their small world, spending time with them, and seeing them happy and joyful was really overwhelming. We expressed our gratitude to the caretakers for taking care of these beautiful souls and for giving us this opportunity to spend some time with them.

Learning Outcome:

- The students understood the hard facts of life and problems of a variety of sections of people at close quarters.
- The students gained the first-hand experience of running asharam who is sheltering orphanage children.
- Sense of responsibility and appreciation for the orphanage children are inculcated among the students.

Notice Kerala Flood Relief Fund

As you may be aware, Kerala is currently facing severe floods that have caused widespread devastation, displacing thousands of families and causing immense hardship to the residents. In times like these, it becomes crucial for us to come together as a community and extend our support to those in need.

We are initiating a Kerala Flood Relief Fund to assist the affected families in their recovery efforts. Your generous contributions can make a significant difference in providing relief and aid to those who have been affected by this natural calamity.

This is an opportunity for our DIMR community to show solidarity and empathy towards those facing adversity. Every contribution, big or small, can make a positive impact on the lives of those affected.

The DIMR will provide regular updates on the progress of the relief efforts and the utilization of funds to ensure transparency.

Let us stand together and make a difference in the lives of our fellow citizens during this challenging time. Thank you for your compassion and generosity.

We are also looking for volunteers to assist in the collection, sorting, and distribution of relief materials.

If you are interested, please contact Mr. Unawane Jaideep: 7038092800
