Notice on Swachata Abhiyan

Date: 01th Oct. 2020

As part of our commitment to fostering a clean and healthy environment, DIMR is excited to announce the commencement of the "Swachhata Abhiyan," aligning with the Government's noble initiative, 'Swachh Bharat - Ek Kadam Swachhata Ki Aur.'

Event Details:

Event Name: Swachhata Abhiyan

Day & Date : Monday, 05th Oct. 2020

Objective:

Swachhata Abhiyan, or the Cleanliness Drive, aims to bring the entire college community together to contribute towards maintaining a clean and green campus. This initiative is not just a response to a governmental call but a collective responsibility to create a hygienic and aesthetically pleasing environment for all.

Your efforts matter, and your involvement will contribute to the success of this initiative. We look forward to your enthusiastic participation in making Swachhata Abhiyan a resounding success.

For any queries or additional information, please contact Mr. Warkhade Amar: 8149726027

(Approved by AICTE, New Delhi, Recognized By Govt. of Maharashtra, Affiliated to S. P. Pune University)
(AISHE Code : C - 41293, PUN Code - IMMP014030)

Objectives of the Event:

- To create the awareness among the students towards the importance of cleanliness
- To inculcate social responsibility values among the students.

Event Description:

Dnyansagar Institute of Management & Research has organized Swachata Abhiyan on 5th October 2020.

Cleanliness is not a one day activity at DIMR. The staff and students of DIMR take it as a mission and it is a regular activity in the campus. In tune with the Government initiative of 'Swach Bharat- Ek kadam Swachata ki aur', we all at DIMR always try to inculcate the habits of cleanliness amongst the students and staff, educate others as well about the importance of cleanliness and hygiene for better health and to make our society and our country a better place to live.

DIMR had organized Swachata Abhiyan. Students enthusiastically participated in this abhiyan.

Such little steps taken together by the institute and students will surely help in fostering strong mental and social health amongst today's youths so that they connect with their peers, their elders, their community and their environment

Learning Outcome:

- Students were encouraged for proper maintenance and preservation of public places.
- Students were made aware about importance of cleanliness.

**Notice
Tree Plantation Drive- Greenathon**

Date: 20th Nov 2019

Join us in our efforts to contribute to a greener and healthier environment! We are excited to announce our upcoming Tree Plantation Drive organized in collaboration with L & T Infotech.

Details of the Tree Plantation Drive:

- Day & Date: Saturday, 30th Nov. 2019
- Location: Mhalunge Hill

Together, let's make a positive impact by planting trees and nurturing nature. This initiative aims to enhance the beauty of our surroundings, improve air quality, and create a sustainable environment for future generations.

We welcome everyone, regardless of age or expertise, to join us in this meaningful endeavour. Your participation will contribute to a healthier and more sustainable ecosystem.

For further details or to confirm your participation, please contact us **Ms. Arpita Samal (Student Coordinator: 7788986871)**.

Let's unite to sow the seeds of a better tomorrow! Together, let's plant hope for a greener and brighter future.

Objectives of the Event:

- To create the awareness among the students towards the importance of planting and saving trees
- To spread the message of environmental sustainability.
- To inculcate the environmental and social responsibility values among the students.

Event Description:

It's unfair that few would deteriorate and some are unfeigned & trying hard to bring out the reforms to ameliorate the things. Ultimately we all need a pleasant environment & pure air to breathe & live a healthy life. Whenever we get an opportunity to initiate or participate in a drive which would be remunerative to the society at large, we are always ready to embark. DIMR students volunteered in a 1000 tree plantation drive 'Greenathon' organised by L&T Infotech at Mhalunge.

Tree plantation is not just something that should be done once. Instead, it is a necessity, the urgent need of the hour. Planting trees is significant to protect our environment against air pollution and global warming. To this end, Budding managers of DIMR were actively involved in organizing tree plantation campaign.

Learning Outcome:

- Students were encouraged for proper maintenance and preservation of trees.
- Students were made aware to uplift the quality of the living environment through active planting and afforestation.
- Students were encouraged to save and plant more trees which will be inspiration for the coming generations.

- To create the awareness among the students towards the importance of planting and saving trees
- To spread the message of environmental sustainability.
- To inculcate the environmental and social responsibility values among the students.

Event Description:

Green Club @DIMR had organized Tree Plantation Drive on 19th August 2023 at Baner Hill. Students had enthusiastically participated and more than 20 saplings were planted during this drive.

This drive was the mark of the Inauguration of Greenclub@DIMR as well as see off for the students of Batch 2021-23. Drive started with planting a sapling by hands of Director, Dr. Sajid Alvi and Mrs Archana Lunawat. Faculty members were also participated actively in this drive.

Tree plantation is not just something that should be done once. Instead, it is a necessity, the urgent need of the hour. Planting trees is significant to protect our environment against air pollution and global warming. To this end, Budding managers of DIMR were actively involved in organizing tree plantation campaign.

Learning Outcome:

- Students were encouraged for proper maintenance and preservation of trees.
- Students were made aware to uplift the quality of the living environment through active planting and afforestation.
- Students were encouraged to save and plant more trees which will be inspiration for the coming generations.

Notice of Visit to Tikona Fort

Date: 25th Jan. 2022

Get ready for an exciting and adventurous journey as we embark on a visit to the historically significant Tikona Fort, also known as Vitandgad Fort. This expedition aims not only to provide you with a thrilling experience but also to delve into the rich historical heritage of our region.

Details of the Trip:

Event Name: Visit to Tikona Fort (Visit to Historical Monument)

Day & Date: Sunday, 30th Jan. 2022

Venue: Tikona Fort

What to Bring:

- Comfortable trekking shoes
- Water bottle
- Snacks
- Hat and sunglasses
- Sunscreen lotion
- Weather-appropriate clothing
- Camera (optional)

Tikona Fort, with its scenic views and historical significance, offers a perfect blend of adventure and learning. The trek to the fort provides an opportunity to witness the architectural marvels of the past and connect with the history of our region.

This educational excursion is not just about trekking; it's about exploring our roots and understanding the stories embedded in the stones of Tikona Fort.

(AISHE Code : C - 41293, PUN Code - IMMP014030)

Objectives of the Event:

- To make aware the students about historical monuments of Maharashtra
- To sensitize students about the history of Maharashtra during Maratha Empire

Event Description:

Tikona Fort, also known as Vitandgad Fort, is a hill fortress in the Maval region of Maharashtra, India. The fort is at an altitude of 3500 feet above sea level and is surrounded by lush greenery and stunning landscapes. The fort is a popular destination among trekkers and adventure enthusiasts, attracting visitors from all over India.

It is a hill fortress built during the 17th century by the Maratha Empire. The fort was strategically built on a hilltop to keep a watch on the surrounding areas and protect the kingdom from enemy attacks. The fort is triangular and surrounded by cliffs and dense forests.

The drive to the fort was scenic and very pleasant. We parked our vehicles at the base of the hill and followed a dirt track that continued upwards as well-worn steps, somewhere early in the climb.

Standing on the top, you get a spectacular 360 degree view of the surrounding area. Pawna lake surrounds the fort from Western and Northern side. There is a valley on the eastern side whereas a cliff connects the fort with an adjacent mountain from south. Beyond the lake on the northern side we can see the twin forts of Visapur and Lohgad forming a formidable wall. Fort Tung, which is surrounded on three sides by Pawna lake can be seen on the west. Korigad lies to south western side of the fort, but it could not be seen due to heavy fog. There is also a small temple on the fort.

The Tikona fort is a complete phenomenon of nature, its beauty and history

Learning Outcome:

- The students were aware about the historical events during Maratha Empire

Objectives of the Event:

- To make aware the students about historical monuments of Maharashtra
- To sensitize students about the history of Maharashtra during Maratha Empire

Event Description:

The students of First Year MBA of 20-22 Batch and the Staff members of DIMR had organized a Trek to Visapur Fort on September 8th 2021. Visapur Fort is located in Visapur village situated near Malavali Railway Station which is close to Lonavala. The Fort is a part of twin forts Lohagad-Visapur. The fort has an elevation of 1084 Meters (3556 Feets) from Sea level.

12 students and 8 staff members of the institute participated in this trek. We left the campus at around 6:30 in the morning and after having a breakfast on the way near the Pune-Mumbai old highway junction where one way goes towards Karla Caves (Ekvira Temple) and the opposite road leads you to the Malavali station and then towards the base of twin forts. On the way to the base of the twin forts from Malavali station, you pass by a waterfall and the steps carved in the rocks leading to the ancient Bhaje caves.

We reached the base of the twin forts at around 10 AM and started our trek. The trek route goes through the waterfall and the rain water was cascading through the rocks. We had to climb up through the rocky path against the water flow. It was challenging for few as some rocks were slippery due to algae and some boulders are so big, making it challenging to climb up having to set your foot with a firm grip.

We reached the top of the fort at around 11:30 AM. After reaching the top we started exploring the fort area. It has many lakes which are well built to fulfill the water supply for the people staying on the fort in the days of Mughal and Maratha dynasties. Few of us had a dip and swam in one of the lake. We could see a rich flora and fauna on the sprawling plateau on the top of the fort. The boundaries of the fort hill are fortified with the walls built with the stones, which is damaged at some places. There are few check posts towers built at some strategic points across the surrounding wall. There are around 3-4 cannons placed different check points to keep a vigil on the enemy activity. There is an ancient Shiv Temple with two Nandi carved out of single stones and a Dipstambh in front of the temple. There is a big lake adjacent to the Shiva Temple. There are a remnants of a structure built to store the armaments, gunpowder and cannon balls. It is mentioned in some scriptures that there was a residential structure built by the Peshvas during the rule of Maratha Empire.

We spent around 3-4 hours exploring the fort area and then started descending at around 3 pm. We reached at the base of the fort at around 4 pm. It was raining throughout the day and the climate atop was foggy and had different shades of green all across the mountain range. We had a lunch at around 5 pm at a Dhaba on the highway while coming back. We reached at around 7 pm in the campus.

Learning Outcome:

The students were aware about the historical events during Peshwai
