**Objectives of the Event:**

- The formation of “NIRMAAN” – will function in association with Global Innovators & Entrepreneurs Network (GIENET) towards developing an ecosystem for the start-ups.

**Event Description:**

Scout Innovation was the main lead for DIMR behind this successful program. Being unruly, riotous, unconventional and unprecedented has no longer termed to be defiant or rebellious. Breaking stereotypes is no more a sin or rather prototyping a disruptive innovation is veering off the course. The generation & its cogitation is changing, so as the technology & World economy. The younger generation is brimful of caliber so much so to detonate into some discovery. Prosaic & run-of-the-mill development is not their forte.

All in all, the word ‘Innovation’ is losing its ground, making way for ‘Disruption’ to hold the ground. There is no dearth of such disrupters and the entire globe is becoming a huge platform for the lateral thinkers to explore. If this process of creative disruption radicalizes the marketplace by overturning the existing conventions for betterment of humankind, society & environment at large, making this planet a better place to live; it should be enclapsed.

It would be infelicitous if we fail to abet and endorse the ideas and gumptious efforts of the budding and aspiring entrepreneurs. How long would we have left behind in this endeavor to bestow and contribute towards developing an ecosystem for the start-ups and entrepreneurial activities? On May 11th 2019, a new leaf has turned over in the history of DIMR. ‘NIRMAAN’ was inaugurated in the presence of Shri. Ganpatrao Balwadkar, Chairman - SKP Campus, Dr. Sajid Alvi, Director – DIMR, Mr. Mangesh Wankhade, Scout Innovations & Mr. Pankaj Jain of GIENET & Mr. Mayur Vyaware of IOTians Global. NIRMAAN will function in association with Global Innovators & Entrepreneurs Network (GIENET) towards developing an ecosystem for the start-ups.

**Learning outcome:**

- NIRMAAN will function in association with Global Innovators & Entrepreneurs Network (GIENET) towards developing an ecosystem for the start-ups.

**Objectives of the Event:**

- To understand different facets of human life.
- To study gray shades, nature of human behavior.
- To learn the Japanese philosophy 'Wabi-sabi'.

**Event Description:**

There are multiple facets to a Human Life. No human in this world is deemed to be quintessential and there lies the beauty of a 'Wabi-sabi' world according to Japanese philosophy. There is no perennial cure to human fallibility & frailty. In spite of the grey shades of human disposition, every human is a paragon of rectitude.

Every human has something riveting and beguiling to share with others. Every human can be a 'book' to read out from. DIMR hosted a 'Human Library' session organised by 'Global Harmony Trust'. This idiosyncratic event witnessed 12 human books with diverse substance & gist and many insatiable readers from all across the city.

**Learning Outcome:**

Every human has something riveting and beguiling to share with others. This activity was based on the same principal where the views can be exchanged.
