**Objectives of the Event:**

- To create the awareness among the students towards the importance of planting and saving trees
- To spread the message of environmental sustainability.
- To inculcate the environmental and social responsibility values among the students.

**Event Description:**

To rise above all and odds, one has to have very strong underlying basis & principles. To raise a solid structure, it has to have a very strong foundation. It all started 31 years back, when a foundation stone was laid to build a school to impart education to the deprived girls in the vicinity and now it has flourished into an educational campus imparting quality education to thousands of students in different streams. MBADIMR celebrated 31st Foundation Day of SKP Campus on 20th June 2019 in presence of the Founder Chairman Shri. Ganpatrao Balwadkar by planting native trees in the campus. Like the educational institutions enriching our student's lives, these plants will surely grow rapidly & send out runners above the substratum bearing fruits to nurture many birds around.

Tree plantation is not just something that should be done once. Instead, it is a necessity, the urgent need of the hour. Planting trees is significant to protect our environment against air pollution and global warming. To this end, Budding managers of DIMR were actively involved in organizing tree plantation campaign.

**Learning Outcome:**

- Students were encouraged for proper maintenance and preservation of trees.
- Students were made aware to uplift the quality of the living environment through active planting and afforestation.
- Students were encouraged to save and plant more trees which will be inspiration for the coming generations.

In today's world when families are becoming nuclear and most of us tend to be confined to our small social set-up, there are still many out there, living in solitude, in spite of being surrounded by people. But 'How can the stars shine without darkness?' Like a blessing in disguise there are some generous people around, who believes in the virtue of almsgiving, and 'Apala Ghar Orphanage & Old Age Home' is one of them, who are not only working hard to nurture the kids but also helping them out in building skills & capabilities so as to make them independent, responsible & employable. We at DIMR are always veracious to the values we speak. As a part of our annual campaign 'Joy of Giving' we tried to extend some support to this noble cause in the form of Story books, Encyclopedia, games & toys. The hope & stars in their eyes only invigorated us to do more.

The feeling of being in their small world, spending time with them, and seeing them happy and joyful was really overwhelming. DIMR students expressed their gratitude to the caretakers for taking care of these beautiful souls and for giving us this opportunity to spend some time with them.

**Event Description:**

It's an irony that when you need it for you & your dear ones, it's a commodity; but when you are asked to give it to others, it's not! Every two seconds someone somewhere needs it and many lives are lost every year due to its non-availability. But it cannot be manufactured in any factory. It has to be donated voluntarily by the compassionate people. If donated by a person it can save three lives.

We at DIMR always being munificent and mainspring towards such social cause, know the value of 'Blood'. DIMR organised a 'Blood Donation Camp' for Pimpri Serological Institute Blood Bank to mark Dr. Babasaheb Ambedkar Birth Anniversary. Students, staff and many other volunteered in this noble cause

With the thought "Every blood donor is a life saver", the staff and students were motivated to donate blood. There's no end to the benefits of donating blood for those who need it as well as there are health benefits for donors, too. One donation can save as many as three lives.

Faculty members guided the students about the importance of blood donation and motivated them to take part in this camp. The staff and students of DIMR donated blood in the 'Blood Donation Camp'. The students and staff voluntarily participated in the blood donation drive.

**Learning Outcome:**

- Instilled the sense of responsibility towards the society among the students
- The students understood importance and benefits of blood donation.

Also present was Isha Agarwal, a 13 year old home-schooler & a karate black-belt holder, who taught our students some smart maneuvers for self-defense to overcome fear and panic in the circumstance and Ms. Vaishali Patkar, a social activist who is always apt & upfront in giving a befitting response to such social issues.

**Event Description:**

We all at DIMR take pride and immense pleasure in sharing that our little contribution towards the conservation of sparrows has well paid off.

When the sparrow population is dwindling at an alarming rate with more than 50% reduction in their population in some of the Indian states; we need to step up with some concrete actions.

What a waste of knowledge and information it would be if we fail to understand our own role to preserve our ecosystem for our own survival and act accordingly!!!

What management are we going to teach to our children, students and future generations if we fail to inculcate the value & importance of the management of the available resources those are meant to be for all living beings but are getting exhausted and depleting rapidly in the wake of our never ending needs?

DIMR celebrated the World Sparrow Day in innovative way by building nesting boxes for the birds.

**Learning Outcome:**

- Students were encouraged for conserving the birds which leads to conserve the environment.
- Students were encouraged to creation of habitat for extinct bird species.
