

3.2.2 Number of workshops/seminars/conferences including programs conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the last five years					
Year	Name of the Workshop/ Seminar/ Conference	Number of Participants	Date From – To	Subject Addressed	Outcomes of Workshops/Seminars/Conferences conducted specific to Research Methodology, Intellectual Property Rights(IPR) and Entrepreneurship in the Last Five Years in
2022-23	Workshop on 'How To Convert SIP Into Placement (PPO)'	80	27-07-2023	Research Methodology	Helped students apply research methodology to analyze industry problems during SIP, enabling them to deliver data-driven insights that enhance their prospects for securing Pre-Placement Offers (PPOs).
2022-23	Seminar on 'Leadership Skills'	100	04-07-2023	Entrepreneurship Development	Enhanced leadership mindset and team management skills relevant for entrepreneurial ventures.
2022-23	Seminar on 'Career Opportunity In Applied Data Science'	170	24-06-2023	Entrepreneurship Development	Students explored entrepreneurship opportunities in data-driven ventures by identifying market gaps, applying analytics to understand customer behavior, and conceptualizing data-centric products or consulting services.
2022-23	Workshop on 'Marketing Masterclass-Unleashing The Power Of Business Mindset And Strategic Launch Techniques'	80	21-06-2023	Entrepreneurship Development	Developed understanding of real-world marketing and business planning for entrepreneurial ventures.
2022-23	Seminar on 'BSE IPF Capital Market'	67	17-06-2023	Entrepreneurship Development	Students understood the role of capital markets in entrepreneurship, gaining insights on how startups can raise funds through equity, the importance of financial literacy, and how investors assess entrepreneurial ventures.
2022-23	Entrepreneurship Fair/Bazaar	53	3/6/2023	Entrepreneurship Development	Gained hands-on experience as an entrepreneur, in setting up stalls, pricing, customer handling, and revenue generation.
2022-23	Workshop on- 'Unlock The Power Of Case Study Analysis'	100	16-06-2023	Research Methodology	Developed participants' skills in using case study analysis as a qualitative research method, enabling deeper insights into real-world business challenges through structured research methodology.
2022-23	Workshop on 'Start Up Entrepreneur Development Skill'	72	13-05-2023	Entrepreneurship Development	Improved ability to ideate and evaluate entrepreneurship opportunities.
2022-23	Entrepreneurial Opportunities in Agribusiness	36	3/28/2023	Entrepreneurship Development	Exposed students to rural entrepreneurship and agribusiness models.
2022-23	Workshop on 'Importance of Patent'	62	16-03-2023	Intellectual Property Rights	Increased awareness of patent systems and their role in innovation protection.
2022-23	Seminar on ' Entrepreneurship'	85	24-02-2023	Entrepreneurship Development	Strengthened interest and confidence among students to explore entrepreneurship.
2022-23	Seminar on 'Understanding Risk to Succeed'	115	18-02-2023	Entrepreneurship Development	Students developed an entrepreneurial mindset by learning how to assess, manage, and embrace calculated risks—an essential trait for starting and sustaining successful entrepreneurial ventures.
2022-23	Seminar On 'Career Opportunities in Banking & Finance'	69	04-02-2023	Entrepreneurship Development	The seminar provided insights into diverse roles and growth trajectories in the banking sector while highlighting how entrepreneurial skills like financial literacy, risk assessment, and customer relationship management are valuable whether one chooses to work within the sector or start a financial consultancy or fintech venture.
2022-23	Seminar on 'Digital Marketing Scope, Opportunities & Future'	92	21-01-2023	Entrepreneurship Development	Students discovered how digital marketing skills can empower them to become freelancers, offering services to clients globally, and pave a new path of entrepreneurship by launching their own digital entrepreneurial ventures or consultancies.
2022-23	Workshop on 'Startup Education BootCamp'	64	16-01-2023	Entrepreneurship Development	Gained insights into launching and scaling up entrepreneurial ventures with minimal resources.
2022-23	Seminar on 'Preparing for Career Success'	49	14-01-2023	Entrepreneurship Development & Research Methodology	The seminar equipped students with insights on how to build a successful career by embracing an entrepreneurial mindset—essential even for those pursuing traditional employment. It also highlighted the importance of self-assessment, goal setting, and market research, linking these to the fundamentals of Research Methodology. This encouraged students to make informed career choices based on data and trends, which is equally relevant when planning entrepreneurial ventures.
2022-23	Seminar on 'Understanding Business Requirements'	57	07-01-2023	Entrepreneurship Development	Students learned how identifying and analyzing business requirements is essential for developing customer-centric solutions, laying a strong foundation for launching and managing successful entrepreneurial ventures.

Year	Name of the Workshop/ Seminar/ Conference	Number of Participants	Date From – To	Subject Addressed	Outcomes of Workshops/Seminars/Conferences conducted specific to Research Methodology, Intellectual Property Rights(IPR) and Entrepreneurship in the Last Five Years in
2022-23	Seminar on 'Importance of Marketing'	73	02-01-2023	Entrepreneurship Development & Research Methodology	The seminar emphasized the critical role of marketing in launching and sustaining entrepreneurial ventures. Students learned how understanding consumer behavior, market segmentation, and branding contributes to business success. Additionally, it helped them identify marketing as a rich area for data collection and analysis under Research Methodology, encouraging evidence-based decision-making in both academic and entrepreneurial projects.
2022-23	Seminar on 'Insurance & Risk Management'	62	17-12-2022	Entrepreneurship Development	Students gained insights into managing business uncertainties through insurance and risk assessment, enabling them to make informed decisions and safeguard their entrepreneurial ventures against potential financial losses.
2022-23	Faculty Development Program on 'Intellectual Property Rights'	24	19/12/2022 to 23/12/2022	Intellectual Property Rights	Faculty equipped with IPR knowledge to mentor students in innovation.
2022-23	Seminar on 'Non Price Factors in Marketing'	76	8-7-2022	Entrepreneurship Development	Students learned how non-price factors such as quality, branding, customer service, and innovation play a vital role in entrepreneurial success by helping startups create value and build competitive advantage without solely relying on pricing strategies.
2022-23	Seminar on 'Entrepreneurship'	70	19-07-2022	Entrepreneurship Development	Strengthened interest and confidence among students to explore entrepreneurship.
2021-22	Seminar on 'Future of Work, Redefined Employee Experience.'	86	24-06-2022	Entrepreneurship Development	Students explored evolving workplace trends and the shift toward flexible, tech-driven environments, inspiring them to integrate innovative, employee-centric approaches in their future entrepreneurial ventures to attract and retain top talent.
2021-22	Seminar on 'Overview of Insurance Industry'	64	22-06-2022	Entrepreneurship Development	Students gained a foundational understanding of the insurance sector, helping them identify potential entrepreneurial opportunities within the industry, including insurance advisory, distribution, and tech-driven insurance solutions.
2021-22	Workshop on 'Mobile Photography'	55	16-06-2022	Entrepreneurship Development	Students developed creative and technical skills in mobile photography, empowering them to explore entrepreneurial opportunities such as content creation, social media marketing, and freelance photography services.
2021-22	Seminar on 'Capital Market Awareness'	53	19-05-2022	Entrepreneurship Development & Research Methodology	The seminar enhanced students' understanding of capital markets, financial instruments, and investment mechanisms. It fostered awareness of how capital markets function as vital sources of funding for entrepreneurial ventures. Simultaneously, students explored how capital market trends can be a subject of research under Research Methodology (RM), enabling them to develop data-driven financial strategies and investment models.
2021-22	Seminar on Basics of 'Trademark'	59	04-04-2022	Intellectual Property Rights & Entrepreneurship Development	Students gained foundational knowledge of trademarks and their legal significance, empowering them to protect brand identity and intellectual assets while building their entrepreneurial ventures in a competitive market.
2021-22	Entrepreneurial Bazaar	25	26-03-2022	Entrepreneurship Development	Gained hands-on experience as an entrepreneur, in setting up stalls, pricing, customer handling, and revenue generation.
2021-22	Workshop on 'Research Methodology'	82	15-03-2022	Research Methodology	Enhanced participants' understanding of research design, data collection, and analytical techniques, enabling them to conduct systematic and impactful academic research
2021-22	Seminar on 'Tune into Happiness'	71	21-02-2022	Intellectual Property Rights & Entrepreneurship Development	The seminar emphasized the role of emotional well-being and self-awareness in personal and professional growth. For aspiring entrepreneurs, maintaining a balanced mindset is crucial to handle the uncertainties of starting and managing a venture. The session also encouraged creative thinking, which is foundational to innovation—linking it to Intellectual Property Rights, as protecting one's original ideas and innovations is essential for entrepreneurial success.
2021-22	Seminar on 'Branding for Entrepreneurship.'	74	01-01-2022	Entrepreneurship Development	Understood the importance of brand identity and market positioning for their entrepreneurial ventures.
2021-22	Workshop 'Leadership Thought Works' .	58	31-12-2021	Entrepreneurship Development	The workshop nurtured leadership qualities and strategic thinking, encouraging students to take initiative, influence others, and confidently drive entrepreneurial ventures with clarity and vision.
2021-22	Seminar on 'The Impact of Digital Transformation on Intellectual Property Rights'	59	30-12-2021	Intellectual Property Rights	Understood new challenges and protections for digital IPs.

Year	Name of the Workshop/ Seminar/ Conference	Number of Participants	Date From – To	Subject Addressed	Outcomes of Workshops/Seminars/Conferences conducted specific to Research Methodology, Intellectual Property Rights(IPR) and Entrepreneurship in the Last Five Years in
2021-22	Seminar on - 'Leadership Skills.'	58	29-12-2021	Entrepreneurship Development	Students were introduced to essential leadership traits and practices, inspiring them to lead with confidence, take ownership of ideas, and develop the entrepreneurial mindset needed to initiate and sustain entrepreneurial ventures
2021-22	Seminar on 'Qualities Required for Entrepreneurship.'	48	28-12-2021	Entrepreneurship Development	Self-assessed entrepreneurial competencies and areas for improvement.
2021-22	Seminar on 'Disruption to an existing Industry due to Technology & Innovation'.	68	27-12-2021	Intellectual Property Rights	The seminar highlighted how technological innovation can redefine industries, motivating students to identify disruptive entrepreneurial opportunities and understand the role of IPR in protecting innovative ideas and gaining a competitive edge.
2021-22	Workshop on 'Copyright Essentials'.	71	20-11-2021	Intellectual Property Rights	Learned how to safeguard original works and content legally.
2021-22	Faculty Development Program on 'Research Methodology in Management'	26	15/11/2021 to 19/11/2021	Research Methodology	Enhanced faculty competence in applying research methodology to management research, with a focus on research design, data analysis, and academic writing for publication.
2021-22	Training program- 'Employability Skills Training Program'	33	12-10-2021	Entrepreneurship Development	The program enhanced essential skills like communication, adaptability, and problem-solving, helping students build a strong professional foundation. It emphasized the importance of these competencies not only for job seekers aiming to stand out in the job market but also for aspiring job providers looking to lead and manage successful entrepreneurial ventures.
2021-22	SIP Report Writing	32	8/20/2021	Research Methodology	Strengthened students' ability to apply research methodology in documenting their Summer Internship Projects with clarity, structure, and analytical depth
2020-21	SIP: The First Step towards a Professional Path.	36	5/2/2021	Research Methodology	Guided students on aligning their Summer Internship Projects with research methodology principles, helping them approach industry problems with a structured, research-oriented mindset
2020-21	Decision Science Competition	72	13-11-2020	Research Methodology	Enhanced analytical and decision-making skills through data-driven problem solving, reinforcing the application of research methodology in real-world business scenarios
2020-21	Seminar on 'International Work Experience Program in Agriculture'.	74	03-10-2020	Entrepreneurship Development	The seminar provided valuable insights into global agricultural practices through experience-sharing by alumni who had participated in the program. Their real-life stories inspired students to explore entrepreneurial opportunities in agribusiness and motivated them to consider launching agriculture-based ventures with an international outlook.
2020-21	Webinar on 'Career Opportunities in Hospitality industry'	76	29-09-2020 to 30-09-2020	Entrepreneurship Development	The webinar highlighted diverse career paths within the hospitality industry and emphasized the potential for entrepreneurial ventures such as managing homestays, starting travel and event agencies, or launching boutique hospitality services. It encouraged students to view the hospitality sector not just as job seekers but also as future job creators.
2020-21	Webinar on 'Career Opportunities in Agribusiness'	55	15-09-2020 to 16-09-2020	Entrepreneurship Development	The webinar showcased the vast potential of agribusiness as a sector for innovation and enterprise. It motivated students to consider agribusiness not only as a stable career option but also as a field rich with entrepreneurial opportunities, such as organic farming, food processing, agri-tech startups, and rural supply chain solutions.
2020-21	Workshop on 'Geographical indication'	36	06-09-2020	Intellectual Property Rights	The workshop provided in-depth knowledge about Geographical Indications (GIs) as a crucial category under Intellectual Property Rights. It enabled students to understand how GI registration protects the uniqueness of region-specific products, promotes authenticity, and supports legal frameworks that safeguard traditional and cultural identity.
2020-21	E-FDP on 'MBA CBCS & GS OBE Pattern in Organisation & Management Board'	64	11-08-2020	Research Methodology	Familiarized faculty with outcome-based education (OBE) and the CBCS framework, promoting alignment of teaching, assessment, and research practices with structured learning outcomes in management education.
2020-21	E-FDP on 'NAAC Accreditation'	71	21-07-2020 to 27-07-2020.	Research Methodology	Enhanced faculty understanding of NAAC accreditation criteria with emphasis on integrating research methodology, academic research output, and quality benchmarks in higher education institutions.

Year	Name of the Workshop/ Seminar/ Conference	Number of Participants	Date From – To	Subject Addressed	Outcomes of Workshops/Seminars/Conferences conducted specific to Research Methodology, Intellectual Property Rights(IPR) and Entrepreneurship in the Last Five Years in
2020-21	Webinar on 'Research, Innovation and Extension'	62	15-07-2020	Research Methodology, Intellectual Property Rights & Entrepreneurship Development	The webinar emphasized the interlinkages between academic research, innovation, and its practical application through extension activities. It encouraged students to explore innovative ideas, understand the process of protecting them through IPR, and translate research outcomes into entrepreneurial ventures or scalable solutions that address real-world problems.
2020-21	Webinar on 'Life Beyond Covid-19: The Path to the Next Normal'	85	08-07-2020 to 14-07-2020	Research Methodology	To find out about the social, economic, and psychological aspects of the COVID-19 pandemic and consider approaches to prepare for the post-pandemic world.
2020-21	Webinar on 'Life Beyond Covid 19 - Role of Higher Education in Social Development'	92	09-07-2020	Research Methodology	To be able to consider transformational educational practices, community engagement models, and policy frameworks that enable students and educators to contribute to social development in a meaningful way.
2020-21	Webinar 'Life Beyond Covid 19 - Cooperation in Maharashtra in Recent Years'	87	08-07-2020	Research Methodology	Looking at societies role and resilience within the Covid-19 pandemic and the recovery period, with a focus on their contributions to economic recovery and community support.
2019-20	Entrepreneurial Bazaar	35	14-03-2020 to 15-03-2020	Entrepreneurship Development	Gained hands-on experience as an entrepreneur, in setting up stalls, pricing, customer handling, and revenue generation.
2019-20	Workshop on 'Dress To Impress'	40	28-02-2020	Entrepreneurship Development	The workshop focused on grooming, presentation, and building a professional image—essential soft skills for aspiring entrepreneurs and professionals. It helped participants understand how personal branding and confident appearance play a critical role in networking, client engagement, and establishing credibility in both job roles and entrepreneurial ventures.
2019-20	Seminar on 'Investor Awareness Programme'	65	26-02-2020	Research Methodology	The seminar provided insights into the fundamentals of investing, market risks, and financial planning. It also highlighted the importance of informed decision-making based on data and research. Participants gained an understanding of how to apply research methodology in evaluating investment options, interpreting financial data, and making evidence-based financial decisions—skills essential for both academic research and practical financial planning.
2019-20	Faculty Development Program on 'ICT Tools for Effective Teaching & Learning'	23	16/12/2019 to 20/12/2019	Research Methodology	Empowered faculty with ICT tools to enhance teaching effectiveness and integrate technology-driven approaches in teaching
2019-20	Seminar on 'Digital India'	68	19-11-2019	Entrepreneurship Development	The seminar highlighted the digital transformation of India and how it opens up new entrepreneurial avenues in fintech, e-commerce, digital services, and rural tech outreach. Students were motivated to identify digital gaps and consider starting ventures that align with the nation's digital goals.
2019-20	Research Methodology- Report Writing	26	8/10/2019	Research Methodology	Improved participants' ability to apply research methodology principles in structuring and writing well-organized, data-driven academic research reports
2019-20	Student Awareness Programme on Innovation, Incubation & Entrepreneurship	64	01-08-2019	Entrepreneurship Development	This program introduced students to the ecosystem of innovation, incubation, and entrepreneurship. It enhanced their understanding of how innovative ideas can be nurtured and developed into viable business ventures through incubation support, encouraging them to become job creators rather than job seekers.
2019-20	Workshop on 'Writing Quality Research Paper'	35	23-07-2019	Research Methodology	Improved understanding of research methodology and equipped them with essential skills to write structured, impactful, and publication-ready research papers
2019-20	Incubation & Start-Up activities - Yogyakarta University, Indonesia	58	10-07-2019	Entrepreneurship Development	This international engagement exposed students to global incubation and start-up practices, offering insights into how entrepreneurial ecosystems function beyond India. The interaction broadened their perspective, encouraging them to innovate, collaborate, and consider launching entrepreneurial ventures with an international outlook.
2019-20	Inauguration of ED cell- NIRMAAN	48	12-05-2019	Entrepreneurship Development	The inauguration of the Entrepreneurship Development Cell 'NIRMAAN' marked a strategic initiative to foster a culture of innovation and entrepreneurship on campus. It serves as a platform to mentor students, support start-up ideas, and build entrepreneurial capabilities, empowering them to become future entrepreneurs and industry leaders.
2018-19	SIP: A gateway for Corporate & Industry	41	5/2/2019	Research Methodology	Provided insights into applying research methodology for identifying industry problems, analyzing data, and deriving practical solutions during the Summer Internship Project (SIP)

 Director

Year	Name of the Workshop/ Seminar/ Conference	Number of Participants	Date From – To	Subject Addressed	Outcomes of Workshops/Seminars/Conferences conducted specific to Research Methodology, Intellectual Property Rights(IPR) and Entrepreneurship in the Last Five Years in
2019-20	Seminar on 'Human Library'	52	08-04-2019	Intellectual Property Rights	The seminar helped students understand how personal stories, lived experiences, and individual perspectives can hold intellectual value. It encouraged students to view their narratives as original content that can be protected under Intellectual Property Rights. This awareness fosters respect for originality, authenticity, and the ethical use of personal and creative expressions in various domains like writing, podcasting, or content creation.
2019-20	Training Session - 'New-age tools & techniques in the research'	57	05-04-2019	Research Methodology	Enhanced practical knowledge of modern tools and techniques, strengthening the ability to apply research methodology effectively in contemporary research practices.
2019-20	Workshop on 'Dress to Impress'	45	03-04-2019	Entrepreneurship Development	The workshop focused on grooming, presentation, and building a professional image—essential soft skills for aspiring entrepreneurs and professionals. It helped participants understand how personal branding and confident appearance play a critical role in networking, client engagement, and establishing credibility in both job roles and entrepreneurial ventures.
2018-19	State Level Conference - 'The role of various functional departments in business development'	105	16-02-2019 to 17-02-2019	Research Methodology	Gained research-based insights into how various functional departments contribute to strategic business development and organizational growth.
2018-19	Workshop on 'Personality Transformation session'	48	13-02-2019	Entrepreneurship Development	The session focused on building confidence, effective communication, and self-awareness—key traits for aspiring entrepreneurs. It helped students develop the mindset and personal branding skills necessary for entrepreneurial journeys, leadership roles, and professional growth.
2018-19	Seminar on 'Option Delta Hedging awareness program'	48	12-02-2019	Research Methodology	Participants engaged in analyzing historical market data, applying statistical models to calculate delta and assess risk reduction strategies, and interpreting the effectiveness of hedging. An enhanced understanding of how research methodologies—including hypothesis formulation, data analysis, and statistical modeling—are applied in the field of financial risk management, providing participants with both theoretical insights and practical experience in conducting financial research.
2018-19	Seminar on 'Investor Awareness Program'	59	09-02-2019	Research Methodology	The seminar provided insights into the fundamentals of investing, market risks, and financial planning. It also highlighted the importance of informed decision-making based on data and research. Participants gained an understanding of how to apply research methodology in evaluating investment options, interpreting financial data, and making evidence-based financial decisions—skills essential for both academic research and practical financial planning.
2018-19	National Conference on 'Strategizing Innovation and Entrepreneurship for Development'.	85	11-01-2019 to 12-01-2019	Entrepreneurship Development & Research Methodology	Provided a platform for scholars and practitioners to present research papers that explored innovative models and data-driven approaches to strengthen entrepreneurial ecosystems. Encouraged interdisciplinary research and knowledge exchange, fostering entrepreneurial thinking and the application of research findings to real-world development challenges.
2018-19	Seminar on 'IPR'	39	30-12-2018	Intellectual Property Rights	Developed a foundational understanding of Intellectual Property Rights, enabling participants to recognize, protect, and manage intellectual assets in academic and professional settings.
2018-19	Faculty Development Program on 'Innovative Teaching Pedagogy'.	26	17/12/2018 to 21/12/2018	Research Methodology	This FDP enhanced the teaching capabilities of faculty by introducing innovative and student-centric pedagogical approaches. It also encouraged the integration of research-based teaching strategies, which contribute to nurturing an entrepreneurial mindset and critical thinking among students.
2018-19	Seminar - 'Environment Preservation and Climate Change Action'	57	16-12-2018	Entrepreneurship Development	The seminar inspired students to explore sustainable and green entrepreneurship opportunities. It emphasized the importance of integrating environmental consciousness into business models, thereby fostering socially responsible entrepreneurial ventures that address climate change and environmental challenges.
2018-19	Seminar on 'Career Options in Banking Sector'	52	09-09-2018	Entrepreneurship Development	The seminar provided insights into diverse roles and growth trajectories in the banking sector while highlighting how entrepreneurial skills like financial literacy, risk assessment, and customer relationship management are valuable whether one chooses to work within the sector or start a financial consultancy or fintech venture.

Year	Name of the Workshop/ Seminar/ Conference	Number of Participants	Date From – To	Subject Addressed	Outcomes of Workshops/Seminars/Conferences conducted specific to Research Methodology, Intellectual Property Rights(IPR) and Entrepreneurship in the Last Five Years in
2018-19	Seminar on - 'Communication and Soft skills from Industry perspective'.	48	27-09-2018	Entrepreneurship Development	The seminar focused on the critical role of communication and soft skills in achieving success in both entrepreneurial ventures and corporate settings. It empowered students to develop confidence, emotional intelligence, and persuasive abilities—traits essential for both job seekers and aspiring entrepreneurs aiming to lead teams or build client relationships.
2018-19	Workshop on 'Psychometric test' followed by a counselling session for enhanced career growth.	57	26-09-2018	Entrepreneurship Development	The session helped students assess their personality traits, strengths, and areas of improvement, guiding them toward suitable career paths. By understanding themselves better, students could make informed decisions—whether to pursue entrepreneurial ventures or traditional employment—with a mindset focused on self-growth and leadership.
2018-19	Seminar on 'Interview Techniques, GD, Resume Format'.	62	22-09-2018	Entrepreneurship Development	The session enhanced students' confidence and communication skills, crucial for job seekers and aspiring entrepreneurs. It emphasized the importance of presenting oneself effectively—whether in interviews for employment or while pitching ideas to investors, partners, and clients in entrepreneurial settings.
2018-19	Seminar on 'Interview Skills Technique an Open Discussion'.	59	15-09-2018	Entrepreneurship Development	This interactive session helped students improve their articulation and presence during interviews. It also instilled the importance of confidence and clarity, essential not only for job interviews but also for client interactions, networking, and investor meetings in their entrepreneurial journey.
2018-19	Seminar on 'Lean Six Sigma'	57	09-10-2018	Research Methodology	Introduced participants to data-driven problem-solving techniques within Lean Six Sigma, highlighting their relevance in applying research methodology for process optimization and quality improvement.
2018-19	Seminar on 'Industry Expectations from Freshers'	62	09-09-2018	Entrepreneurship Development	The seminar helped students understand the key competencies and professional mindset expected by industries from fresh graduates. It emphasized the need to cultivate an entrepreneurial mindset, even as job seekers, to stay innovative, adaptable, and proactive in solving real-world problems, whether in employment or in their own ventures.
2018-19	Workshop on 'Social Entrepreneurship, Finding the first job'	54	31-08-2018	Entrepreneurship Development	This workshop equipped students with an understanding of social entrepreneurship by showcasing how societal issues can be addressed through sustainable business models. It also prepared students to take the first steps into the job market with a mindset of being not just job seekers but also potential job creators through socially driven ventures.
2018-19	Seminar on 'Right Attitude and Skills Required at Corporate'.	59	28-08-2018	Entrepreneurship Development	The seminar emphasized the significance of cultivating a proactive mindset, adaptability, and professionalism, which are not only essential for corporate success but also for entrepreneurial growth. Students understood how these core skills are transferable and crucial for both job seekers and aspiring entrepreneurs.
2018-19	Seminar on "Knowledge, insightful thoughts, lessons for life & corporate wisdom".	67	27-08-2018	Entrepreneurship Development	The seminar inspired students to develop a long-term vision and build core values essential for entrepreneurial success. By learning from real-life experiences and corporate journeys, students gained clarity on decision-making, leadership, and resilience—key pillars of any entrepreneurial endeavor.
2018-19	SIP Report Writing	35	8/10/2018	Research Methodology	Developed research-oriented skills for structuring, analyzing, and presenting Summer Internship Project (SIP) reports effectively, with a strong foundation laid by the Research Methodology (RM) chapter.
2018-19	Research Methodology- Report Writing	29	02/05/2018	Research Methodology	Enhanced understanding of research design and developed essential skills for effective academic research report writing.
